Featuring Body Shop Tips...

**TIP**

***Did you know... You do NOT need 3 estimates under state law?***  
*You may take your vehicle to the service facility of your choice and your insurance company must honor your request to have it repaired there.*

**TIP**

***Did you know... Yark repairs all vehicles regardless of make or model?***  
*From the family's everyday car to the family's work truck or RV, Yark Body Shop handles all makes and models.*

# What to Do When You are Involved in an Accident...

## 1 The Immediate Basics...

### **Turn off the Engine & Turn on Your Hazards...**

#### **-Check for Injuries...**

Look over yourself, your passengers and then those in other involved vehicles. Attend first to anyone who is not already walking and talking. Do not move the injured unless they are in a burning vehicle or in immediate danger.

#### **-Get Help...**

Ask the next person who stops to phone for police and, if needed, an ambulance. Make sure the police know about any injury claims or if an injury is suspected to be claimed later.

#### **-Warn Other Motorists...**

Use flags, flashers, flares, a white cloth tied to an antenna, etc. Only move your vehicle if the police ask you to do so or if its position endangers you.

#### **-Protect Yourself and Others from Other Vehicles...**

As a result of your accident, other vehicles will need to maneuver around the scene. Sometimes, other vehicles do not see your accident in time and will unwittingly collide with your vehicle. The safest place for you is in a nearby building. The second safest place is within your vehicle. Do not stand at the side of the road, as you may be hit.

## 2 The Legalities...

### **Watch What You Say...**

To avoid legal culpability later, do not debate the accident. Do not discuss the circumstances or responsibility on the scene or afterwards with others involved. Give statements of fact only to the police. Never state that you or your passengers are not injured. Discuss circumstances and responsibility only with a verified representative of your insurance company.

#### **-Identify Yourself...**

Tell police and other parties involved in the collision: your name, driver's license number, Vehicle Identification Number (VIN), insurance company name and insurance policy number.

#### **-Identify Others Involved...**

For each vehicle involved, you will want to get: their name, driver's license number, Vehicle Identification Number (VIN), insurance company name and insurance policy number. Also get the names of the other occupants in their vehicles.

#### **-Map Out the Accident**

Take note of pertinent street names, traffic lights, stop signs, weather conditions and approximate speed of vehicles involved.

#### **-Limit What You Sign...**

Don't sign any document other than what is required by law enforcement.

### **TIP**

#### **Did you know... Yark offers a Lifetime Workmanship Guarantee?**

*There is no better warranty! Yark offers a Lifetime Workmanship guarantee on all repairs for as long as you own your vehicle!*

## 3 Last But Not Least...
